

ASFC EQUIPMENT PROGRAM

Disclaimer

This document is unofficial. It has not been approved by vote by the ASFC Executive committee or faculty advisors. Consider this a recommendation only. The SFA Sylvans plan to continue donating this equipment to the ASFC as long as we can afford to do so and are able to reliably source equipment.

Background

This program is intended to distribute timbersports equipment relatively evenly among the member clubs over time without unduly benefiting clubs that already have high-quality equipment.

- 1) The intent of the ASFC Equipment Program is to provide a competitive playing field at Conclave.
- 2) This is achieved by providing free timbersports equipment to member schools at Conclave.
- 3) Stihl provided equipment from 2003 until 2019 when they ended their sponsorship.

Equipment

Each year the host school or a club they designate will be responsible for procuring at a minimum:

- 1) A peg-and-raker racing saw with handles (the saw).
- 2) A racing axe fully hung, ground, and honed with a leather sheath (the axe).
- 3) Other equipment as allowed by availability of resources and manufacturers.

Provisioning

Equipment will be provisioned to member clubs by a majority vote of the ASFC Executive Committee (i.e. the club presidents) based on the following criteria:

- 1) Each member club may make a brief case to the committee regarding their need for equipment.
 - a. This can include photos or any other evidence, and can be coordinated with a shared online document or via any other means as determined by the host school
- 2) Each piece of equipment (the saw, the axe) will be provisioned in a separate vote. This means they will usually go to different clubs in a given year.
- 3) Each member club will get one vote per piece of equipment.
- 4) Each member club may vote for themselves.
- 5) The host school will not vote except to break ties.
- 6) Clubs are ineligible to receive a piece of equipment if either:
 - a. They have won one or more of the preceding four Conclaves.
 - b. They have received the same type of equipment at one of the preceding four Conclaves.
